/ The claims are allowable because the spinner mount is mounted on an extension of the bicycle wheel hub, and the spinner is mounted on the spinner mount for rotation about the spinner mount. The prior art shows spinner mounts which are attached to the axle of a wheel, such as Fitzgerald, or a spinner mounted to the wheel hub, such as Henderson and Hautier, but these are mounted in the center of the hub and not on an extension of the hub, as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
